

You can install the DRI (Domain Rating Index) on your website. To do so select one of the three sized below and copy the iframe html into a web page on your site.

Small (170 x 170)

```
<iframe src="http://parklogic.com/projects/dri/dri.jsp?size=small" width="170" height="170" scrolling="none" frameborder="0" scrolling="no" marginwidth="0" marginheight="0"></iframe>
```

Medium (340 x 340)

```
<iframe src="http://parklogic.com/projects/dri/dri.jsp?size=medium" width="340" height="340" scrolling="none" frameborder="0" scrolling="no" marginwidth="0" marginheight="0"></iframe>
```

Large (740 x 440)

```
<iframe src="http://parklogic.com/projects/dri/dri.jsp?size=large" width="740" height="440" scrolling="none" frameborder="0" scrolling="no" marginwidth="0" marginheight="0"></iframe>
```
