

Whilst Founder, Michael Gilmour, and Head of Operations, Laci Nagy, have been enjoying a wonderful and very quick trip around the world, we thought it was time to give you an update.

Last week they had several meetings which then led them into the main part of the trip which was attending DomainFest in Barcelona. This was a tremendous conference put on by [Oversee.net](#). It was the first conference that ParkLogic has sponsored and also had a booth.

It was a great opportunity to catch up with lots of friends and colleagues, but also to meet new people and discuss how our journey can help them. Networking is always such a highlight of attending the Trade Shows and this time was no exception here.
